

## **UBC Pharmacists Clinic**

Do you have any questions about your medications or would like to have your medications reviewed by an expert pharmacist? The Pharmacists Clinic is here to help.

The Pharmacists Clinic at the UBC Faculty of Pharmaceutical Sciences is Canada's first university-affiliated, licensed, pharmacist-led patient care clinic. They provide the highest possible standard of health consultation services to patient.

At the Pharmacists Clinic, you'll get dedicated one-on-one time with an expert pharmacist. They work with you and your physician or nurse practitioner to resolve drug therapy problems that can get in the way of achieving optimal benefit from your medications.

What the Pharmacists Clinic Offer:

- **Their undivided attention.** The first appointment is usually 60 minutes. Follow-up appointments are 30-60 minutes.
- **The complete picture** of how all your medications are working for you – prescription, non-prescription, supplement and natural health products.
- **A team approach** where they respectfully collaborate with all the health care professionals involved in your care.
- **Answers and information** so you understand what you need to know about your medications.
- **Assurance that your voice is heard.**

**To book an Appointment:**

- Call: 604-827-2584
- Book online: <https://veribook.com/lp/UBCPharmacistsClinic/>

Please note, due to COVID-19, the Pharmacists Clinic is open and providing all services via telephone and video telehealth. They will resume in-person operations when safe to do so.

### **UBC Pharmacists Clinic Commitment to Privacy and Security**

*The UBC Pharmacists Clinic (the Clinic) is bound by professional standards and privacy legislation. Any personal information about you and provided to the Clinic, is collected under the authority of section 26(c) of the Freedom of Information and Protection of Privacy Act (FIPPA).*
