

Spotlight on Ageism

BC CRN is pleased to introduce its newest program offering **Spotlight on Ageism**.

Ageism is highly prevalent and is the most socially accepted and tolerated form of discrimination in Canada. Like sexism or racism, ageism is; discrimination - based on someone's age. Ageism can occur at any point in our lifespan - regardless of how old we are - and may lead to others making judgements about our background, capability, mental or physical status, based only on their impression of our age.

Who is this program for?

Everyone!

We all have a role to play in changing how we all think, feel, and act towards age and ageing.

Everyone is welcome!
